Sen. Cassis' Job Resource Guide now available

LANSING—State Sen. Nancy Cassis announced today that her *Job Resource Guide* has been printed and is now available for mailing to her constituents.

“In these uncertain economic times, with plant closings and corporate downsizing occurring all too often, many people with established careers have found themselves looking for work or perhaps a career change,” said Cassis, R-Novi. “To strengthen their search and make the transition quicker and less painful, I am proud to offer them this useful brochure.”

The *Job Resource Guide* provides resources for job seekers and information on retraining to help constituents find meaningful training in their careers or perhaps a new career path. The guide includes information on adult education, organizations that can assist in job searches, and apprenticeships.

“Michigan workers are the best in the country,” Cassis said. “When faced with the challenge of finding work, often all they need is some retraining to remain competitive in the job market.”

For a copy of the *Job Resource Guide*, contact Cassis' office at 1-888-38-NANCY or go to www.senate.michigan.gov/gop/senator/cassis and click on Senator Cassis' Job Resource Guide.
